SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Ms. Bittner:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

State Project No.: 56047

Dear Ms. Dean:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Ms. Hanson:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

Anchorage, AK 99507

SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Mr. Holtan, PE:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

Alaska DF&G/Wildlife Conservation  
1800 Glenn Highway, Suite 4  
Palmer, AK 99645-6736

SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Mr. Kavalok:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at [Edrie.Vinson@fhwa.dot.gov](mailto:Edrie.Vinson@fhwa.dot.gov) or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at [dale\\_paulson@dot.state.ak.us](mailto:dale_paulson@dot.state.ak.us).

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Mr. Mattson:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Mr. Ribuffo:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at [Edrie.Vinson@fhwa.dot.gov](mailto:Edrie.Vinson@fhwa.dot.gov) or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at [dale\\_paulson@dot.state.ak.us](mailto:dale_paulson@dot.state.ak.us).

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

April 8, 2005

Governor William Sheffield  
Port of Anchorage  
P.O. Box 196650  
Anchorage, AK 99519-6650

SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Governor Sheffield:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Mr. Somerville:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at Edrie.Vinson@fhwa.dot.gov or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at dale\_paulson@dot.state.ak.us.

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager

SUBJECT: Knik Arm Crossing Environmental Impact Statement  
Invitation to Attend Interdisciplinary Team Scoping Meeting on April 25, 2005  
Federal Project No.: ACSTP-0001 (277)  
State Project No.: 56047

Dear Ms. Willis:

The Knik Arm Bridge and Toll Authority (KABATA), an arm of the Alaska Department of Transportation and Public Facilities (DOT&PF), and the Federal Highway Administration (FHWA) Alaska Division Office would like to thank your agency for participating in the Knik Arm Crossing project Interdisciplinary Team Scoping Meeting held on March 29, 2005. The notes of that meeting are attached.

Since the March scoping meeting, the Knik Arm Crossing project team has consulted agencies about study needs, continued on-going engineering and environmental studies, revised the draft purpose and need document, and worked on preliminary corridor and design concepts. Several items are included on a CD enclosed with this letter. The CD contains:

- Display Boards from the March 29<sup>th</sup> Scoping Meeting
- March 29<sup>th</sup> Scoping Meeting Minutes

As you know, it is KABATA/DOT&PF and FHWA's desire to use the National Environmental Policy Act (NEPA) to comply with all applicable environmental laws, and to merge the permitting and the environmental impact statement (EIS) process to the maximum extent practicable. Since the project will likely require substantial consideration of issues related to your agency's jurisdiction, your active involvement in the EIS process is critical to KABATA and FHWA. Therefore, KABATA/DOT&PF and FHWA would like to invite you to attend the next agency scoping meeting at the following time and place:

**Agency Scoping Meeting  
Knik Arm Crossing Project  
April 25, 2005  
12:00 PM to 5:00 PM  
CIRI Building (HDR Alaska, Inc.)  
4<sup>th</sup> Floor Conference Room  
2525 C Street  
Anchorage, AK 99503-2632**

April 8, 2005

Page 2

The purpose of this meeting is to review what we have heard from agencies; describe how we have addressed those comments; go over the indirect/cumulative effects assessment methods; and receive agency input. The attached agenda includes the topics that will be covered at the April 25<sup>th</sup> meeting.

From 12:00 pm to 1:00 pm, there will be an open house with lunch and poster displays depicting new information on various aspects of the project. The formal agency scoping meeting will begin at 1:00 pm. Similar to the previous meeting, this lunchtime open house will provide you the opportunity to gain detailed project information and to talk individually with knowledgeable professionals.

Please note the following Knik Arm Crossing schedule for the next month:

- **ASAP:** If your agency foresees the need for additional field studies, please contact me immediately.
- **April 25:** Interdisciplinary Team Scoping Meeting will occur from 12-4 pm.
- **April 26:** We are planning a boat tour of the project area on Tuesday, April 26. If your organization is interested in attending, please let me know by Friday, April 22.
- **May 11:** The next interdisciplinary scoping meeting will be held the afternoon of May 11. The focus of this meeting will be to discuss alternatives and evaluation methods.
- **May 12:** Written comments on the information presented at the first scoping meeting (March 29<sup>th</sup>), reports distributed prior to the meeting, and general comments on the project by May 12.

If you have any questions, please give me a call at (907) 586-7464 or through email at [Edrie.Vinson@fhwa.dot.gov](mailto:Edrie.Vinson@fhwa.dot.gov) or contact Dale Paulson (KABATA/DOT&PF) at (907) 269-6641 or through email at [dale\\_paulson@dot.state.ak.us](mailto:dale_paulson@dot.state.ak.us).

Sincerely,

Edrie Vinson  
FHWA Environmental Project Manager
