Ms. Angela Sandstol
Native Village of Tyonek
P.O. Box 82009
Tyonek, Alaska 99682

Dear Ms. Sandstol:

Thank you for attending the recent meeting regarding the Knik Arm Crossing project meeting on May 12, 2005. It was a pleasure to see you all again and to share the progress of the project. I have three items of note to bring to your attention:

1. At the last meeting, you asked for a workshop regarding on how you can plan to protect the traditional cultural places from your heritage, which is known as historic preservation planning. I have found an expert, David Cushman from SRI Foundation, who actually worked on the first ever historic preservation community plan. We are bringing him here to help you learn how that was done, and give you ideas on how you could do the same for your own tribe or village.

To learn more about SRI's expertise, please visit their website at www.srifoundation.org.

WHAT:	Historic Preservation Planning Workshop
WHERE:	Native Village of Eklutna Community Hall 26339 Eklutna Village Road, Chugiak, Alaska
DATE:	Tuesday, June 28, 2005
TIME:	9:00 am – 4:00 pm

The tentative agenda for the workshop includes the following:

- Update on the Knik Arm Crossing Project and Section 106 requirements
- Case study: the Sonoran Desert Conservation Plan (SDCP), Pima County, Arizona
- Preparing the SDCCP Cultural Resources Element
- Lessons learned from the SDCCP

➤ Developing a Cultural Resources Preservation Plan - Some Suggestions

Please let Ms. Alcantra know by **June 21, 2005** who will be attending the workshop from your community.

2. The next item has to do with your request for a list of presentation topics that our project team is prepared to offer. Please review these topics with your council and/or board and determine which, if any, they would like to have. To schedule a presentation, please work with Ms. Rosetta Alcantra, Tribal Liaison at 644-2074.

- Beluga and Fisheries
- Purpose and Need
- Engineering
- Alternatives & Screening Criteria
- Constraints
- Secondary (Indirect) and Cumulative Impacts

3. Also per your request at the last meeting, I have arranged for a presentation from experts in the field on how you can get training and be qualified for construction jobs. While having a tribal representative will be important, this meeting should be attended by all of your people who are interested. The date is **July 12, 2005** and the location and time will be announced soon. Please let Mrs. Alcantra know how many from your tribe will be attending.

Here are three special opportunities provided for you by the Knik Arm Crossing project as a part of our Government-to-Government and Tribal consultation. I encourage you to take full advantage of all three. I am looking forward to your participation.

Finally, a very special thanks to the Native Village of Eklutna for offering to host the historic preservation planning workshop on June 28, 2005. We are honored to be invited into your village.

Sincerely,

Edrie Vinson

Ms. Maria Coleman
Native Village of Eklutna
26339 Eklutna Village Road
Chugiak, Alaska 99567

Dear Ms. Coleman:

Thank you for attending the recent meeting regarding the Knik Arm Crossing project meeting on May 12, 2005. It was a pleasure to see you all again and to share the progress of the project. I have three items of note to bring to your attention:

1. At the last meeting, you asked for a workshop regarding on how you can plan to protect the traditional cultural places from your heritage, which is known as historic preservation planning. I have found an expert, David Cushman from SRI Foundation, who actually worked on the first ever historic preservation community plan. We are bringing him here to help you learn how that was done, and give you ideas on how you could do the same for your own tribe or village.

To learn more about SRI's expertise, please visit their website at www.srifoundation.org.

WHAT:	Historic Preservation Planning Workshop
WHERE:	Native Village of Eklutna Community Hall 26339 Eklutna Village Road, Chugiak, Alaska
DATE:	Tuesday, June 28, 2005
TIME:	9:00 am – 4:00 pm

The tentative agenda for the workshop includes the following:

- Update on the Knik Arm Crossing Project and Section 106 requirements
- Case study: the Sonoran Desert Conservation Plan (SDCP), Pima County, Arizona
- Preparing the SDCCP Cultural Resources Element
- Lessons learned from the SDCCP

➤ Developing a Cultural Resources Preservation Plan - Some Suggestions

Please let Ms. Alcantra know by **June 21, 2005** who will be attending the workshop from your community.

2. The next item has to do with your request for a list of presentation topics that our project team is prepared to offer. Please review these topics with your council and/or board and determine which, if any, they would like to have. To schedule a presentation, please work with Ms. Rosetta Alcantra, Tribal Liaison at 644-2074.

- Beluga and Fisheries
- Purpose and Need
- Engineering
- Alternatives & Screening Criteria
- Constraints
- Secondary (Indirect) and Cumulative Impacts

3. Also per your request at the last meeting, I have arranged for a presentation from experts in the field on how you can get training and be qualified for construction jobs. While having a tribal representative will be important, this meeting should be attended by all of your people who are interested. The date is **July 12, 2005** and the location and time will be announced soon. Please let Mrs. Alcantra know how many from your tribe will be attending.

Here are three special opportunities provided for you by the Knik Arm Crossing project as a part of our Government-to-Government and Tribal consultation. I encourage you to take full advantage of all three. I am looking forward to your participation.

Finally, a very special thanks to the Native Village of Eklutna for offering to host the historic preservation planning workshop on June 28, 2005. We are honored to be invited into your village.

Sincerely,

Edrie Vinson
FHWA Environmental Project Manager
