

# KNIK ARM CROSSING

## Meeting Notes

Subject	Government Hill Subcommittee	Sheet	1	of	1
---------	------------------------------	-------	---	----	---

Project Number	21132
----------------	-------

Meeting Date	September 27, 2005	Meeting Location	4 <sup>th</sup> Floor Conference Room, HDR Alaska
--------------	--------------------	------------------	--

Attendees:			
------------	--	--	--

Bob French, resident Susanne DiPietro, resident Edrie Vinson, FHWA Dale Paulson, KABATA/DOT Jon Isaacs, URS Corp. Lindsey Holmes, RISE Alaska
--

Topics Discussed	Alternatives
------------------	--------------

### ITEMS DISCUSSED:

Edrie Vinson presented the reasonable alternatives that FHWA is planning to carry forward into the draft EIS. She offered to bring to Anchorage two FHWA employees to work with the Government Hill Community Council on context sensitive design options relating to the reasonable alternatives. Susanne DiPietro and Bob French indicated interest in future discussions regarding context sensitive solutions.

Susanne requested copies of: the official meeting minutes of FHWA and KABATA's meetings with the military; the scoping summary report; and the purpose & need statement.

Susanne and Bob voiced disappointment with the decision not to carry forward certain routes across military lands, particularly the Boniface Parkway route.

Susanne expressed that she would like to see more information on a bored tunnel option under Government Hill, on noise protections and air quality issues, and on construction impacts to the neighborhood, the Elmendorf access gate and Government Hill businesses.
